We invite you to visit our nurseries and label your own plants, which can be taken along, or delivered and planted. Our Landscape Department will gladly have one of our experts call on you, to assist you with your planting problems. This service is without charge or obligation to you. We fully *guarantee* our stock, viz.: We replace any plant that may die within a year of planting.

Rock Gardening

We construct rock gardens, large or small, and can make this one of the most interesting parts of your garden.

Dwarf evergreens and shrubs, in combination with the rock plants, will keep the rock garden in color also during the Fall. For early Spring flowers use **Crocus**, **Snowdrops**, **Scillas**, etc. Plant them in the Fall.
